## FAMILY LAW, ATTORNEY MEDIATOR, COLLABORATIVE LAW

Attorney Mildred B. Sweeney of **SWEENEY LAW OFFICE** emphasizes that mediation is a dignified, non-adversarial alternative to a "traditional" litigated divorce. It is often faster and much less expensive than litigation.

Mildred has 25 years of prior experience as a Social Worker for a children's community mental health service. Along with her associates Heather M. Papp-Sicignano and Flora Sweeney Hunzeker, she also has a general practice that includes divorce & child custody, grandparents' & father's rights, elder law, estate planning, personal injury, adoptions, juvenile matters & civil litigation. Mildred notes

that mediation can be used for selected family law matters within the context of a disputed divorce, such as issues of custody, parenting, property & finances and any dispute that may arise after the divorce is over. Another approach is Collaborative Law, which also stresses resolution over litigation. However, if you ever need a strong, dedicated relentless advocate in your corner to protect your rights, this is the firm. [Visit: www.sweeneyfamilylaw.com](http://www.sweeneyfamilylaw.com)
