DIVORCE & FAMILY LAW ATTORNEY

ATTORNEY NANCY GHERTNER states that when it comes to the major life change of divorce, it is critical for clients to understand their legal rights and options. With 24 years of experience in family law, Nancy knows that each client's situation is unique, and will undoubtedly call for a tailored approach.

Nancy believes the most important step towards a successful outcome in any family law dispute is to define clearly what each client's long-term objectives are. Then, she works closely with her clients to explore the various legal avenues available to reach those goals. Nancy believes it is particularly important in family law to retain the most **effective** rather than the most **aggressive** attorney. Providing **effective** representation while balancing the emotional and financial costs of litigation is what sets her office apart in issues involving divorce, paternity/legitimation, pre & post nuptial agreements, post divorce matters, adoptions, business/corporate, transactions and wills & probate.
