VARICOSE & SPIDER VEINS TREATMENT

Spider Veins? Variceal Veins? Pelvic Congestion Syndrome? Let the Capital Region’s leading experts on varicose & spider veins, Vascular Surgeons, ease your discomfort and confidence with their virtually pain-free treatment options that include sclerotherapy, micro-phlebectomy & endovenous laser treatment (EVLT). Most procedures take less than one hour and are usually done as day surgery, with patients returning home the same day. Their vein care was formed specifically to meet the treatment needs of patients with venous disorders. Dr. Morris Englander, Kenneth Mandato, Gary Siskin & Allen Herr are Board Certified Interventional Radiologists and have many years of combined experience. Minimally invasive vein surgeries are covered by most insurances. Visit: www.communitycare.com

TREATING BRAIN INJURIES

Cognitive impairments due to traumatic brain injury and/or progressive neurological disease reduce one’s effectiveness in managing everyday activities at home, at work, in school, and in the community. The Center for Neurological Impairment, directed by Maria Deinzer Lifrak, Ph.D., a Board Certified Clinical Neuropsychologist, provides evaluation, treatment, and rehabilitation to individuals who are suffering from mild or moderate brain injury. Comprehensive Neuropsychological Services offers neuropsychological evaluations, psychotherapy (individual & marital) & cognitive rehabilitation.

Their staff includes licensed psychologists, mental health counselors and cognitive rehabilitation specialists who work together to meet the needs of each client. Their Vein Care programs address not only to the cognitive impairments of these individuals, but their emotional, social & financial needs. Their programs attend to the cognitive, emotional, and functional needs of the individual, as well as the needs of the caregivers.

Family members are incorporated into the treatment efforts and the staff regularly contacts physicians, attorneys, insurance agents & others who are involved with the patient. Helping patients re-gain as much functioning as possible in their daily life, employment or school performance is Comprehensive Neuropsychological Services’ goal.

Dr. Morris Englander, Kenneth Mandato, Gary Siskin & Allen Herr are Board Certified Interventional Radiologists and have many years of combined experience. Minimally invasive vein surgeries are covered by most insurances. Visit: www.albanyvascular.com

MEDIATION LAW FIRM

Attorney Jill Dunn at THE DUNN LAW FIRM emphasizes that there is an effective alternative to settling differences other than a costly courtroom battle. Litigation is very expensive. The Dunn Law Firm can control the decisions affecting their businesses, families, children & the firm’s finances and lives through mediation, a voluntary settlement process. Jill is a neutral dispute mediator who helps businesses and individuals in conflict make practical, informed decisions to resolve the issues before them.

While the primary goal of mediation is to resolve differences, it provides communication and cooperation, allows you to control the decisions that affect your life, is frequently transmitted of costs that limit your time, conflict, and can be completed in less time than litigation, so you can move ahead with your life. With Jill’s help, temporary agreements can be reached to handle immediate concerns, paving the way to long-term agreements.

ONE FAMILY AT A TIME

Since 1988, CAPITAL DISTRICT HABITAT FOR HUMANITY, INC. (CDHF) has been pursuing its mission to eliminate poverty housing one family at a time.

They are a private, independent non-profit organization affiliated with Habitat For Humanity International. By acquiring vacant, abandoned houses and completely rehabilitating them, CDHF can provide decent, affordable housing for families in need who might not otherwise be able to afford housing.

CDHF focuses its efforts on rehabilitating abandoned, tax delinquent, single-family homes and new construction of single-family homes on vacant inner-city lots. Their current focus is on rehabilitation of homes for single parents, especially those with children under grade 6. Principal Cathleen A. Carney & her caring staff provide services to support these families.

Homeowners invest 350 hours of “sweat equity” in constructing their own home and/or other Habitat projects. Contact them to volunteer or make donations.

FOSTERING TOMORROW’S LEADERS

SAINTE JUDE THE APOSTLE SCHOOL is a Catholic school dedicated to the intellectual, spiritual, social, physical and emotional growth of children through grade 6. Principal Cathleen A. Carney & her caring staff guide students to be successful, caring, faith-filled individuals who give back to the community.

The School fosters an atmosphere of prayer, weekly attendance at Mass, and character education. These traditions are a daily part of the School’s culture.

Come and see for yourself the vibrant school and excited students. The School is constantly implementing new programs, classes & procedures to keep up with their students’ needs. If you think St. Jude might be the school for your child, please contact the school to tour the campus and see for yourself what makes Saint Jude so special.
